

AC Charger Subscription Plan – 22kW

Smart Wallbox 22kW

Ideal for Singapore's HDB carparks, corporate fleets, and landed homes

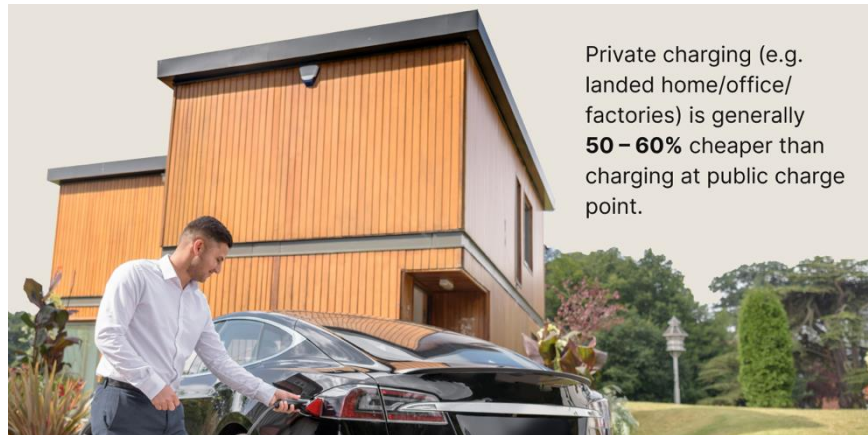

22kW
AC Charger

Subscribe from **\$88**/mo*

Schneider Electric EVlink Smart Wallbox 22kW AC

Charge your EV with our **Smart Wallbox 22kW** output AC charger with single connector. This particular model is perfect for single home or small businesses. You will have the flexibility to install at any location, on the ground or if you would like to save some space, you can choose to mount it on the wall.

Private charging (e.g. landed home/office/factories) is generally **50 – 60%** cheaper than charging at public charge point.

Enjoy a seamless EV Charging experience

3 Years. That's it.

Subscribe for a fixed fee of S\$88 per month and you will get to own your very own EV charger

Installation

We cover install, testing & commissioning of the EV charger, including licensed electrical worker (LEW) endorsement

Maintenance

Minimal maintenance work is needed. We will perform one maintenance work after 24 months of installation

Smart Wallbox 22kW	Comprehensive
Protection device (MCB & RCCB)	Comprehensive
Install, Testing & Commissioning, and LEW endorsement	Comprehensive
Installation of cable (surface)	Up to 10m, indoor setting
Maintenance (TR25, Annual Maintenance)	One time after 24 months (Restricted area requirement)
Charge Point Management System (CMS Software)	NA
Subscription Rate	\$88/month over 36 months

Terms & condition apply.

Note:

- For non-restricted use of charger (publicly accessible), the frequency of maintenance scope is 6 monthly instead of 24 months. Subscription may vary due to additional scope (installation & maintenance).
